

New Product Launch Portal3000

Portal3000 – Now your business can be open to your customers (and your sales team) 24/7 365 days a year !

This is a web based application that enables your customers to:

- See all outstanding orders
- Place new orders via the portal
- Drill into orders to see if delivery has been planned and whether stock exists
- See the status of vehicles due for delivery to them to see whether they are loading, loaded, en-route
- View their account to see paid and unpaid invoices and their balance

View and print:

- Invoices & Credit Notes
- Statements
- Signed POD's
- Artwork
- CAD drawings

New Product Launch Portal3000

Because its web based your own sales team when on the road will be able to use their laptop, tablet or phone to connect and see all of the above for all of their customers without needing to phone the office or connect to your Packaging3000 system.

Portal3000 is web based so can be viewed on any internet enabled device from a standard PC to a mobile phone and everything in between regardless of brand.

The version being released in March will support manufactured products as well as packaging materials.

Sheet feeding support is planned for June 2015.

New Product Launch Portal3000

You may be aware that the UK Corrugated Industry Trade Show hosted by the Sheet Plant Association is taking place on Thursday 19th March 2015. For the last 2 years Abaca have had a stand at the show and we will be doing so again this year. There is a change to our format however this year as we will be launching Portal3000 and we invite all of our customers to come along to visit us at the show to see Portal3000 in use. There is no other UK Trade Show like this and its **FREE** to attend as long as you pre register, so it's a great opportunity to see machinery suppliers, ancillaries suppliers, board suppliers and corrugated trade suppliers.

You do need to register on the SPA website if you are attending, as non registered visitors will incur a £25 entrance fee.

The address to register is:

<http://www.sheetplantassociation.com/event/uk-corrugated-industry-trade-show-2015-open-all>

Alternatively phone the SPA Office on 01563 570518
or email office@sheetplantuk.com

We will be happy to take orders at the Trade Show and this will be in advance of the general release of the software so if you think it's for you please come and let us show you Portal3000.
